## Australia's Highest Zipline Adventure

The Illawarra Fly Treetop Walk is one of Australia's premier rainforest experiences. An innovative way to explore and learn about the rainforest of the Illawarra, located in the Southern Highlands of NSW.

The Illawarra Fly Treetop Walk allows students to experience the rainforest in comfort and safety, from a number of different perspectives.

More than 1,000 metres of ground based walking tracks allow students to investigate the rainforest at ground level.

The 500 metre long elevated walkway rises to 25 metres above the forest floor into the canopy of the rainforest giving a birds eye perspective of a warm temperate rainforest.

The treetop walks' spiral tower rises 45 metres above the forest floor providing a panoramic moment of the spectacular scenery over the valley below to the coastline.

Our all-new Zipline Tour is a unique eco-wilderness adventure which involves flying on a series of elevated cable spans and suspension bridges from one platform to another, connected by tree platforms called 'cloud stations', and continuously attached to steel cable suspended up to 35 metres above the forest floor.

This exciting adventure is guided by trained and experienced zipline tour guides. Our guides will control all departure and arrivals whilst providing an insight into our forest's history and its features – it's an experience you won't forget! Zipping through the treetops with panoramic views out to the Pacific Ocean, students will see the trees and forest ecology in a new light and learn about our growing and vibrant forests while capturing...

Please allow 1 hour on your itinerary for the treetop walk experience and 1.5 hours if a guided tour is included. Times for the zipline tour will vary depending on the size of the group and the number of tours required. We will be able to confirm the timing of your tours once numbers have been finalised.
